Official transcripts must be sent directly from the college or university that issued the baccalaureate degree to the Fairmont State University Office of Admissions.

In addition, students must submit their scores on a graduate entrance examination as part of their complete application. Scores more than five years old are not accepted. Test scores alone may not determine admission to Graduate Studies. Letters of recommendation, statements of purpose, and personal interviews may also be used to assess a student's preparedness for and probability of success in graduate school. If any of these are required, the applicant will be contacted by the appropriate Program Director.

Certain graduate programs may also have additional requirements. Applicants should contact the specific Graduate Program Director directly for more information.

READMISSION

A returning graduate student who has not taken a graduate class at FSU for two or more consecutive academic years (summers included), must submit a new application and non refundable \$40 fee, and be readmitted by the Program Director. The application must show any intervening graduate work. Official transcripts of such intervening graduate work may be required. The applicable standards are those in effect when the student applies for readmission. Graduate course work more than seven years old may not be counted toward a graduate degree.

TRANSFER OF GRADUATE CREDIT

With the approval of the appropriate Graduate Program Director and Dean of Graduate Students, a student may transfer up to twelve graduate credit hours toward a completed degree at Fairmont State University. To request a transfer of credit, complete the Transfer of Credit Form and attach it to the application.
