

POINT OF CARE TECHNICIAN

PIERPONT
COMMUNITY & TECHNICAL COLLEGE

This 3-week hybrid program prepares learners to work with biological samples and perform medical laboratory testing in both near-patient and laboratory settings. Through a combination of classroom instruction and hands-on lab sessions, students will gain practical experience in sample collection, testing procedures, and laboratory regulations.

What You'll Learn

- Collection and handling of biological samples
- Near-patient and laboratory testing procedures
- Medical laboratory regulations and compliance
- Industry-standard best practices

Why Choose This Program?

- 3-week hybrid format with weekly in-person classes
- Hands-on training in Pierpont's student lab
- Preparation for the Point of Care Technician Licensure Exam
- Career opportunities in hospitals, clinics, and physician offices

Training Cost

\$1,000

What's Included in Tuition?

- ✓ Instruction
- ✓ Textbooks
