IV. BOG Information Items

Dale Bradley provided an update regarding a request Pierpont received from the WVCTCS System Office on Wednesday afternoon, with responses due by Friday. Budget/Finance Report FY 2026
Pierpont Community & Technical College
as of April 30, 2026**

Pierpont’s overall financial structure consists of four primary fund types: unrestricted, auxiliary, restricted, and plant/capital funds.

Unrestricted Funds – Includes those economic resources of the institution which are expendable for any purpose in performing the primary objectives of the institution, i.e., instruction, research, extension, and public service, and which have not been designated by the governing board for other purposes. These funds consist of State Appropriations, not designated for a specific purpose, and general tuition and fees revenues. For fiscal management purposes Pierpont segregates Unrestricted funds into two subgroups; President Controlled Funds and Fund Manager Controlled Funds.

- President Controlled Funds consist of State Appropriations and general tuition and fees revenues.
- Fund Manager Controlled Funds consist primarily of program fees and lab/course fee funds that are used to cover program specific operational costs.

Auxiliary Funds – Auxiliary funds are a subsection of unrestricted funds. Auxiliary enterprises are activities conducted primarily to provide facilities or services to students, faculty, and staff. Such activities could include residence halls, food services, bookstore, parking, etc. At Pierpont these activities are reported as a separate fund type for fiscal management. Currently parking is the only Auxiliary fund activity and is used to support maintaining parking resources and campus security.

Restricted Funds - The restricted fund group consists of those funds expendable for operating purposes but restricted by donors or other outside agencies as to the specific purpose for which they may be expended. Restricted funds primarily consist of contracts and grants received from federal or state governments for financial aid, research, public service or other restricted purposes.

Plant/Capital Funds – Plant/Capital Funds are a subsection of unrestricted funds used for debt service, capital projects, facilities maintenance, and renewal.
