

**AGREEMENT BETWEEN PIERPONT COMMUNITY & TECHNICAL COLLEGE AND IUPUI
FOR THE TRANSFER OF CREDITS EARNED IN THE ASSOCIATE OF APPLIED SCIENCE IN HEALTH
INFORMATION TECHNOLOGY INTO THE BACHELOR OF SCIENCE: HEALTH INFORMATION
MANAGEMENT WITHIN THE IU SCHOOL OF INFORMATICS AND COMPUTING
FALL 2019**

Statement of Intent

The purpose of this 2+2 agreement is to provide a framework for the transfer of credits earned in the Associate of Applied Science in Health Information Technology at Pierpont Community & Technical College to the Bachelor of Science in Health Information Management at IUPUI.

The faculty of both institutions have worked together to develop the attached listing of course equivalencies, course requirements for the associate's degree, and course requirements for the completion of the baccalaureate degree. The agreement is in effect for courses taken beginning fall 2017. All course work taken prior to fall 2017 will be evaluated by IUPUI faculty to determine transferability of coursework.

This agreement will remain in effect until one party decides to terminate it, with 60 days advance notice. This agreement, including any modifications, may be reviewed by either institution upon request. Both institutions agree to keep the other aware of curriculum changes as they occur, and the agreement should be reviewed every three years. While both parties to the agreement understand its purpose is to maximize transfer opportunities for student, they also recognize the limits may be placed on courses accepted under the provisions of this agreement, should the student subsequently decide to change to another program not covered by the agreement.

APPROVALS

 Amy Cunningham, RHIA, CTR, CPC-I Professor, Health Information Technology Program Coordinator	9/18/2019 Date	_____ Huanmei Wu, Ph.D. Chair, Department of BioHealth Informatics	_____ Date
