

AVIATION STRUCTURES TECHNICIAN TRAINING

**Your Aviation Career
Starts Here!**

Pierpont Community & Technical College's
Aviation Center, Bridgeport, WV

Course Information

The Aircraft Structures Technician Training (ASTT) prepares individuals in aircraft basics and structure technology, based on FAA industry standards. The course includes hands-on exercises in shop skills using assembly tools, for identification, repair, and assembly of aircraft structures.

Employment Opportunities

Aviation Companies are hiring! Students that successfully complete the program will be job ready. Structures Technicians in north central WV earn \$15/hr. to start with the opportunity to increase within 6 months. With additional FAA certification training, technicians can advance to maintenance and repair, earning \$45-\$60k yearly.
