

EMERGENCY MEDICAL TECHNICIAN

Start Your Career as an EMT!

Fred Eberle Technical Center
208 Morton Avenue, Buckhannon, WV

Course Information

The Emergency Medical Technician (Basic) training program combines 150 hours of hands-on learning labs with online instruction (hybrid format), providing students the knowledge & skills needed to perform appropriate basic life support and emergency medical care. Students will be prepared to take the NREMT and WV EMT Certification exams to be fully job ready.

Employment Opportunities

EMTs are in high demand in WV and across the country; the US Bureau of Labor Statistics cites EMS professionals with expected national growth to be 6% faster than average of all occupations. Base salary for EMTs starts at appx. \$20/hour with opportunity to earn higher wages with certifications in EMT-A and Paramedic.
