

FAA TEST PREP- AIRFRAME (includes General Aviation)

**Your Aviation Career
Starts Here!**

 Pierpont Community & Technical College's
Aviation Center, Bridgeport, WV

Course Information

This 50-hour course prepares aircraft maintenance technicians to test for the Federal Aviation Administration (FAA) General Aviation and Airframe Mechanic Certifications. The program consists of classroom and hands-on instruction in General Aviation and Airframe theory and maintenance (including aircraft structures, systems and component repair) required for the FAA written, oral and practical exams.

Certification Exams

All written exams must be passed to be eligible for scheduling oral and practical exams. The exams may be scheduled at the NAEC and are not included in the cost of the course.
